## Squirt through Midget

The HGSL uses Game On Mobile to manage the schedules and to track scores for all divisions from squirt to midget. Here is what you need to know to use the APP and to also answer questions about the schedules and standings.

### How do I get the game schedules?

Schedules are available at [www.hgsl.ca](http://www.hgsl.ca) by clicking on the Schedule & Standings link in the top menu bar. Game schedules are linked at the bottom of this page by clicking on the "Game On" link for your division.

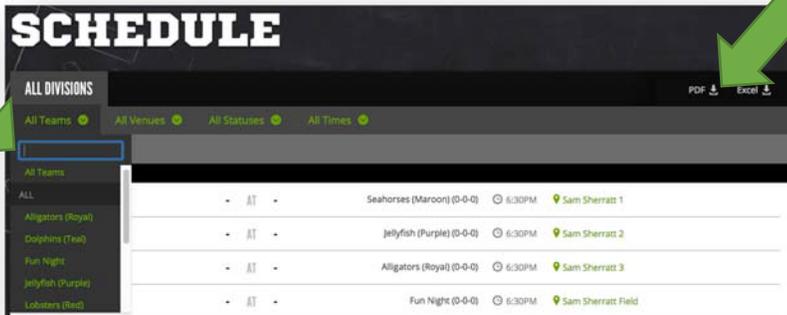

Click on your division to be taken to GameOn Mobile on the web

### Can I print a game schedule just for my team?

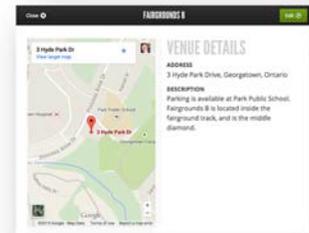

Yes, from the Game On Schedule you can filter to just your team by clicking the All Teams dropdown on the top-left corner of the schedule. You can then get a print-friendly schedule by clicking on the Download PDF button on the top-right corner of the schedule. Remember though that schedules may change during the year due to rescheduled rainouts, so you may need to print out an updated schedule if that occurs.

### How do I find the diamond?

All games are linked to a diamond, clicking on the green diamond name will bring up a map and details on how to find the field. Links currently don't work in the mobile app, but you can access the diamond maps by clicking on the menu and then selecting venues. I need your help, if there are parking details or how to find the right diamond information that I can add here please send it my way.

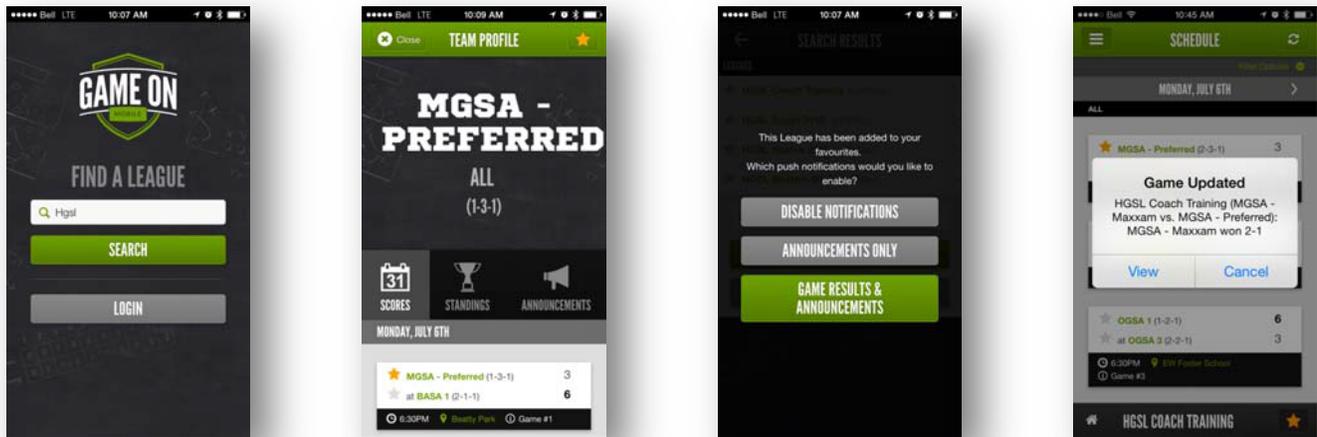

### Do my parents need the mobile app?

It is highly recommended that parents use the mobile app, rainouts will happen this summer and the app is the best way to be notified of rainout announcements and schedule changes. Not all parents will use the app though, so when emailing them about rainouts and schedule changes please remind them to refer to the official schedule on the web.

Contact [webmaster@hgsl.ca](mailto:webmaster@hgsl.ca) with any questions regarding the website or the Game On APP

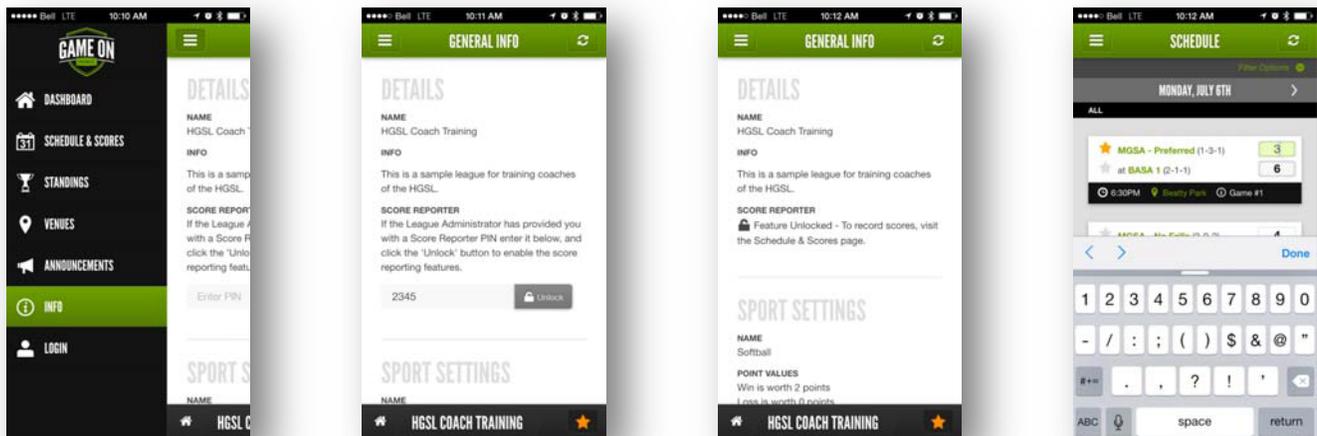

### How do parents follow their team on the app?

Parents can download the app for free from the iTunes or Google Play app store (links on the schedule page of [www.hgsl.ca](http://www.hgsl.ca)). Parents do not need a login, simply search for HGSL and tap on the division that their daughter plays in. Click on the “star” icon, to mark the division as a favourite and choose to get notifications of scores and/or announcements for your team.

### How do coaches enter scores?

Coaches do not need to create a login, all score entry is done using a PIN code. Similar to the parents, you'll need to find your division and favourite your team. To enter scores, you'll need to favourite the division as well as the team by tapping the star beside the name of your division. Once you've done that, tap the menu button in the top-left and then tap on the Info menu. Enter the PIN for your division which will unlock the ability to enter scores anywhere a score is shown in the app. Once you enter a score, standings will be updated immediately and notifications sent out to people who have marked your team as a favourite.

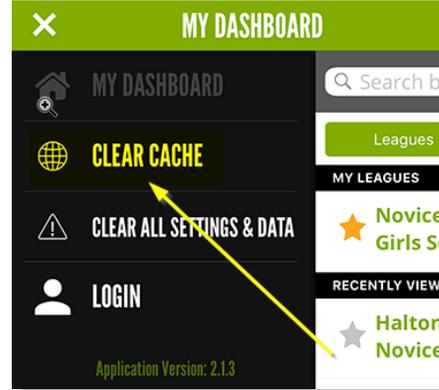

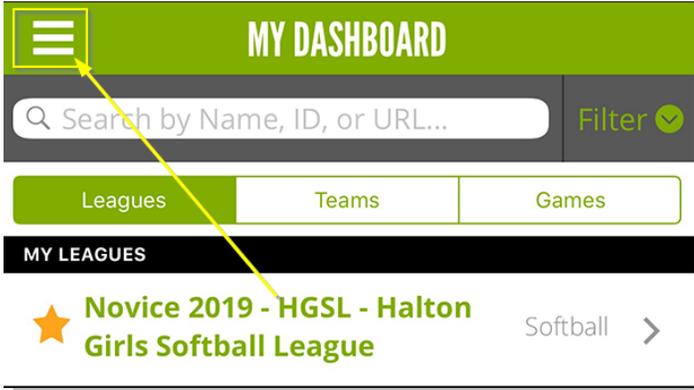

### What is the PIN code for my division?

Once you enter in the PIN code once, you shouldn't have to do it again. However I suspect that things like app updates might require you to enter it again so keep this handy. Please contact your division convenor if you do not have the pin code.

### Mobile APP recommended usage tips

When scores, rained out games and standings get updated, sometimes they are not reflected on some mobile devices like iPhones. This is due to the APP caching data in the phone's program. To force the APP to update all of the data stored on your phone, please follow this procedure:
