

## Halton Girls Softball League

The HGSL follows the bat certification regulations as outlined by Softball Canada. The information below is from Softball Canada's Website: <https://softball.ca/programs/umpires/approved-bats>

### BAT CERTIFICATION

Softball Canada does not currently have its own bat certification program, but endorses the following bat standards for Canadian Championships.

Softball Canada recognizes bats certified by both USA Softball and the WBSC for use in Fast Pitch competitions and USA Softball, the WBSC and USSSA for Slo-Pitch play.

---

### **FAST PITCH - MALE (UP TO U19) AND FEMALE (ALL LEVELS)**

**Acceptable Certification Stamps:**

**ISF 2005**

**ASA 2000**

**ASA 2004**

- Any bat that appears on the [WBSC Softball Approved Bat List](#) and has a current ISF certification stamp (2005 only) will be accepted for play at a Softball Canada event or,
- Any bat that appears on the [USA Softball Approved Bat List](#) and has an ASA 2000 or 2004 certification stamp will also be accepted for play at a Softball Canada event.
- The bat must meet the compression standards outlined by the certifying organization and may be tested to ensure they are in the proper range.
- The bat must still pass a visual inspection per the current Softball Canada rulebook.

*Effective January 2015 WBSC Softball (and Softball Canada) will only recognize bats stamped with the ISF 2005 (plate) stamp noted above as approved. Bats stamped with the older ISF 1.20 BPF are no longer approved for play by the WBSC. They may, however, be eligible for use in Softball Canada competition if they are approved by USA Softball.*

---

Softball Canada will continue supplying all the bats at the Senior Men's and Women's Canadian Slo-Pitch Championship.

For further information, please contact Mike Branchaud at [mbranchaud@softball.ca](mailto:mbranchaud@softball.ca).

The Softball Playing Rules Commission adopted bat certification standards effective January 1, 2002. Currently, the (ASTM F2219) high-speed batted ball test (100 mph) is used for determining bats allowed to be used in WBSC World Championships, World Cups and the Olympic Games. Also included are the qualifying tournaments for both the World Championships and the Olympics.

August 31, 2008, marked the end of the period during which bats that complied with the previous WBSC bat performance standard (1.20 BPF) were permitted to be used in WBSC play. Bats containing the ISF 1.20 BPF stamp are NOT permitted in WBSC play. All bats must contain the ISF 2005 bat stamp.

*La Comisión de las Reglas de Juego de Softbol adoptó la certificación del estándar de bates, a tomar efecto a partir del 1 de Enero del 2002. Al momento, el (ASTM F2219) la prueba de alta-velocidad de bola bateada (100 millas/hora) es utilizada para determinar los bates permitidos a ser usados en Campeonatos Mundiales WBSC, Copas Mundiales y Juegos Olímpicos. También se incluyen los torneos clasificadores para Campeonatos Mundiales y para Juegos Olímpicos.*

*31 de Agosto, 2008 marcó el final del período durante el cual los bates que cumplieron con los estándares de ejecución de bate WBSC (1.20 BPF), que fueron permitidos a ser usados en el juego WBSC. Los bates que llevan el sello ISF 1.20 BPF NO están permitidos en juego WBSC. Todos los bates deben contener un sello en el bate que dice ISF 2005.*
